Attention

Touch Panel & Display To protect the screen from being scratched, use only the stylus that comes with this product. When cleaning, rub the screen lightly with dry, clean and soft cloth (do not use volatile liquid). The screen may crack if the product falls on the ground.

Battery Keep the battery far from the fire. Otherwise, there is a risk of explosion. Do not connect the battery's terminals together to avoid short circuit.

Earphone The sound volume of the earphone should be not too high so as not to injure your hearing.

Non Waterproof The device is non waterproof. Please keep it away from any liquid. If it gets wet, please dry the surface and send to our service center for checking.

Magnetism The product is magnetic. Please do not place it with other magnetic products to avoid losing some functions.

Maintenance

- Keep it dry. Precipitation, humidity and liquid that contains minerals will corrode electronic circuits.
- Do not use or store it in dusty, dirty areas as its detachable parts may be damaged.
- Do not store it in hot areas. High temperatures can shorten the life of electronic devices, damage batteries, and melt certain plastics.
- Do not store it in cold areas. When the device warms up, moisture can form inside it, which may damage electronic circuit boards.
- Do not attempt to take the device apart. Improper handling may damage the device.
- Do not drop, knock or shake it. Improper handling may

cause damage to the liquid crystal panel.
- Do not use harsh chemicals, cleaning solvents, or strong detergents to clean the device.
- Do not paint it. Paint can clog the device's detachable parts and cause it to malfunction.
- Do not operate the device below the temperature 0 or over 40 degrees. Excessive heat or cold will cause malfunction and incur damage to the device. To avoid such from happening, please do not use the device for two hours after it has been exposed to excess heat or cold, because the humidity or moisture formed by the temperature changing will cause damage to the device.

⚠ We are obliged to charge user maintenance fee if the product is damaged due to liquid percolation, improper placement of the product (such as eroder by moths), or breakage on the screen (such as screen scratching or breaking) such man-made damages.
